

CR Steel Ltd Environmental Policy Statement

1. Purpose

CR Steel Ltd is committed to protecting the environment, preventing pollution, and continually improving our environmental performance. This policy outlines our approach to managing environmental impacts in line with the principles of ISO 14001: Environmental Management Systems.

2. Our Commitment

We recognise our responsibility to operate sustainably and commit to:

- Complying with all applicable environmental legislation, regulations and other requirements relevant to our activities.
- Preventing pollution and minimising environmental impacts arising from our operations, products and services.
- Continually improving our environmental performance through the setting, monitoring and review of environmental objectives and targets.
- Conserving natural resources by reducing waste, promoting reuse and recycling, and using materials efficiently.
- Reducing energy consumption and associated carbon emissions through responsible energy management and operational efficiency.
- Considering environmental impacts in procurement decisions and working with suppliers who demonstrate responsible environmental practices.
- Encouraging environmentally responsible behaviour among employees, contractors and partners.

3. Operational Practices

To support these commitments, CR Steel Ltd will:

- Monitor and reduce the use of energy, water, fuel and consumables.
- Prioritise digital processes to reduce paper usage.
- Manage waste responsibly and dispose of materials through licensed and environmentally responsible channels.
- Plan travel efficiently and encourage remote collaboration to reduce unnecessary journeys.
- Maintain equipment and assets to ensure efficient operation and extended lifespan.
- Assess environmental risks and opportunities as part of business planning and service delivery.

4. ISO 14001 Alignment

In line with ISO 14001 principles, CR Steel Ltd will:

- Maintain a structured approach to identifying environmental aspects and impacts.
- Set measurable environmental objectives and review them regularly.
- Ensure roles, responsibilities and resources are in place to support effective environmental management.
- Monitor compliance and performance through periodic review and continual improvement.
- Engage employees and stakeholders in supporting our environmental commitments.

5. Responsibility

Senior management holds overall responsibility for implementing this policy. All employees, contractors and partners are expected to support and uphold the principles outlined in this statement.

6. Policy Review

This policy will be reviewed annually, or sooner if significant changes occur in legislation, operations or environmental priorities.
